SAY HELLO TO GWM.

For 18 years, GWM has been a trusted name in South Africa, proving itself in one of the world's toughest driving environments. From scorching heat to punishing terrain — GWM bakkies are built to endure. Tens of thousands of Steed and P-Series bakkies have been produced and driven millions of kilometers across South Africa, earning a reputation as reliable workhorses that thrive under pressure. Designed with innovation, strength and durability in mind, every GWM vehicle is rigorously tested to handle the demands of real-world driving.

Whether on the worksite, farm or in the wilderness, GWM continues to push boundaries — delivering powerful, dependable vehicles that meet the needs of South African drivers — day in and day out.

Step up to every challenge with the unstoppable energy of a powerful new 2.4 Litre Turbo Diesel Engine.

Make hard work look easy, or dominate challenging terrain — unleash your boldest ambitions with the new GWM P300!

BRING ON THE ADRENALINE

Hauling. Towing up to 3.5 tonnes. Conquering any terrain. With an impressive payload capacity and a first-in-class Tailgate Step for easy access, the all-new GWM P300 is built to perform and ready for any challenge.

**BRING ON A NEW 2.4
LITRE TURBO DIESEL
ENGINE DELIVERING
135 KW AND 480 NM.**

BRING ON THE CHALLENGE

With its robust 4WD capabilities, the all-new GWM P300 is powered by a new responsive 2.4 Litre Turbo Diesel Engine, delivering 135 kW and 480 Nm — ready to tackle any challenge.

Paired with GWM's self-developed 9-speed Automatic Transmission, the P300 delivers a smooth and powerful driving experience, whether you're hauling a light or heavy load.

Immerse yourself in the new P300's luxuriously refined interior, where craftsmanship meets comfort. All models feature leather steering wheels, with the LTD model adding the comfort of heating. Premium-finish seats and soothing ambient lighting complete the experience, delivering a sophisticated, comfortable drive.

Fold-up rear seats are yet another unique P300 feature, providing the benefit of extra storage, or ample roaming space for furry friends, further maximising the P300's versatility and convenience.

ADVENTURE ESSENTIALS

01 See and be seen, no matter what the conditions. The all-new P300's Cornering Front Fog Lamp improves visibility significantly during turns, while the Rear Fog Lamp makes sure everyone knows you're there.

02 Fixed or Off-Road Sidesteps provide easy cabin access, while adding an element of rugged style. Built for durability, they enhance convenience and offer secure footing in any environment.

03 The new P300's Tailgate Step is a unique feature that provides effortless access to the loadbed, making loading and unloading so much easier — a sturdy, practical and gamechanging addition to the traditional bakkie recipe.

04 The Sunroof, till now an unexpected feature for a bakkie, adds an open-air experience, flooding the cabin with natural light. In the city or off-road, it gives every journey extra style and freedom.

BRING ON THE WILD

The P300's Intelligent 4WD Systems make conquering the toughest off-road challenges simple and seamless — **BRING THEM ON!** Equipped with Electronic Differential Locks, Off-Road Expert Mode, Crawl Control, a Front Winch and much more, the new P300 dominates the wild, ensuring adrenaline-packed, worry-free adventures.

TORQUE ON DEMAND (TOD) detects wheel slippage on loose surfaces and steep inclines based on wheel speed differences, adjusting torque and enhancing grip and stability to maximise control. TOD is available in both LT models.

BRING ON THE FORCE... AND FINESSE

The all-new GWM P300 blends raw strength with refined design, making an impact on and off the road. A bold new grille and redesigned bumpers frame its powerful silhouette, while Sleek LED Headlights and Refreshed Taillights enhance its modern, high-end appeal.

Every detail is crafted for presence and performance: Updated wheel-arch extensions and striking 18" Alloys reinforce its commanding stance, while the muscular yet polished exterior balances rugged durability with sophisticated styling. LTD models are available with extra-grip Off-Road Tyres.

CUTTING-EDGE TECH BRING IT ON

- 01** As powerful and all-terrain ready as the new P300 is, stepping into the luxurious cabin still feels like an upgrade to First Class. The meticulously crafted interior combines premium finishes and innovative touches like Heated and Ventilated Front Seats for superior driving comfort.
- 02** Seamless power and smooth shifting are compliments of an elegant Aviation-Style Shifter, accessing an advanced Electronic 9-Speed Automatic Transmission.
- 03** Stay connected and entertained in the all-new P300 with a vibrant 12.3" touchscreen, seamlessly integrating Apple CarPlay® and Android Auto — keeping innovation and technology at the centre of every drive.
- 04** At the same time, essential information is always in clear view on the 7" Digital Virtual Cluster. This technology doesn't just look impressive — it enhances every drive effortlessly!

Remain blissfully connected and clutter-free with wireless charging, and enjoy the seamless convenience of push-button start and keyless entry.

With 360° Panoramic View, all-round awareness comes standard in the new P300. Your safety is enhanced with less blind spots and confident navigation of those tight spaces.

THE POWER OF INNOVATION

REDEFINING SAFETY BENCHMARKS

Advanced technology is your vigilant co-pilot in the new P300, positioning the bakkie as a safety trailblazer across all driving environments.

Travel with complete confidence, knowing intelligent systems including Automatic Emergency Braking, Lane Keeping Assist, Driver Fatigue Monitoring and Traffic Sign Recognition work tirelessly behind the scenes. They're continuously scanning for potential hazards and protecting you and your precious passengers on every journey — from daily commutes to off-road adventures.

BRING ON CONFIDENCE

Conveniently equipped with smart features to help remove stress from your journey, the new P300 ensures confidence at every turn. Bring on the smart tech, advanced safety features and all-around monitoring for the ultimate drive.

MORE AFTERCARE... BRING IT ON!

GWM has introduced enhanced warranty and service plans across its entire vehicle range, ensuring greater synergy and streamlined support for all owners. With extended coverage and improved servicing, every P300 driver now also benefits from greater confidence, reliability and long-term peace of mind on every journey.
